## The Bare Bones List

This alphabetical list includes the known names of personnel assigned, attached or affiliated with the 7th Cavalry immediately before the Battle of the Little Bighorn.

The Bare Bones List is a tool borne of the author's own research for the book "Custer Survivors 101" as a quick reference to help locate the names of battle participants at the Little Bighorn fight across authoritative sources.

The fields across the top of the roster represent the following texts:

- "rc" Price, B. B., C. C. Clendenen, et al. Roll Call on the Little Big Horn, 28 June 1876. Fort Collins: The Old Army Press. 1974. Excellent detailed descriptions of the officers and civilians in the battle.
- "cb" Hardorff, Richard G. The Custer Battle Casualties: Burials, Exhumations, and Reinterments. El Segundo, CA: Upton. 1989; The Custer Battle Casualties, II: The Dead, The Missing and a Few Survivors. El Segundo, Calif., Upton. 1999. Both volumes provide a list of those killed in action. Marked "1" for volume one, "2" for volume two.

and the following biographical references:

- "C" Camp, Walter Mason, and Richard G. Hardorff. Walter M. Camp's Little Bighorn Rosters Hidden Springs of Custeriana. Spokane, Washington: Arthur H. Clark Co., 2002. Revised from Camp's rosters.
- "H" Carroll, John M. ed. They Rode with Custer: A Biographical Directory of the Men that Rode with General George A. Custer. Mattituck and Bryan, 1993. A title building on historian Hammer's work.
- "NS" Nichols, Ronald H. Men With Custer: Biographies of the 7th Cavalry. Hardin, MT: Custer Battlefield Historical Association, 2000. Hammer, revised.
- "RW" Williams, Roger L. Military Register of Custer's Last Command, Hidden Springs of Custeriana. Norman, Oklahoma: Arthur H. Clark Co., 2009.
- "W" Wagner, Frederic C. III. Participants in the Battle of the Little Big Horn: A Biographical Dictionary of Sioux, Cheyenne and United States Military Personnel. Jefferson, North Carolina: McFarland & Company, Inc. Publishers, 2011.

The final column records the unit of assignment. An "X" in a corresponding box indicates the presence of this name (or alias) in the text of the sources.

Names cited in the works above can vary depending on the "official" and "enlistment alias" that may have been used by an individual. The alias list at the end of this book has been provided for identifying those potential discrepancies. An asterisk before the name indicates an alias.

I have attempted to use Camp's work as the default authority unless documentation from other sources supports the use of alternate information.
